

Events of the War

Task 1: The Tide of the War

- Watch the newsfeed of wartime events and complete the first two columns of the events organizer.
https://www.activehistory.co.uk/main_area/games/runner/yr12_scw_events/frameset.htm

Task 2: The International Dimension

- Complete the final column of the table with your own summary of international events going on at the same time (e.g. Rhineland remilitarised, Rome-Berlin Axis, Anschluss with Austria, Munich Conference, invasion of Czechoslovakia, Pact of Steel). Use your classroom notes, textbook and any other sources available to you. **Work as a team** to brainstorm all the significant events of this period!

Task 3: Create a timeline

- Create a timeline of events of the Spanish Civil War that also helps categorize / organize the different types of information. Examples: Republican successes can go above your center line, Nationalist successes can go below your center line; foreign intervention can be highlighted, etc. Figure out what works for you! Place a star next to the TWO most significant events of the war (in your opinion).
